

# NEED CONVENIENCE?

## PASSKEY

### CUSTOMIZATION

Your Reservation Link can be...

- Shared in an Email
- Embedded in a website
- Personalized with your Group Name, Logo, Event Dates, Hotel, and Special Rates
- Displayed in Multiple Languages on Marriott Domains Worldwide
- Upload your Own Rooming List
- Access the Event Dashboard: track the event reservations, upsells & many other tools

## GROUP LISTS

If you have a list of your guests, we can make reservations for all of them.

## ROOMING LIST

We can send you a report showing which of your guests have reserved rooms & when they plan to arrive.

## AMENITIES

In-Room Dining is happy to service your group gift and amenity need. You may choose from the list of amenities offered through the hotel, or advise your Event Manager of your specific preferences or budgeting guidelines.

## READY WHEN YOU ARE

**Check in** up to two days before your stay. Just let us know when you're arriving, and we'll send you a notification when your room is ready so you can get there faster.

Never worry about keeping track of a key card again. **Mobile Key**, delivered right to your phone, gives you instant access to your guest room and other areas around the hotel.

Manage your Marriott Bonvoy account, check points balances, view stay history, keep track of benefits, redeem points and more.

**Mobile Requests** gives you a list of amenities to choose from to customize your stay or to ask for something you forgot, like a comb, razor or toothpaste.

Download on the App Store or Get it on Google Play
