Internet Options

Successful event internet requires advanced planning. Determine your bandwidth needs with the Encore Bandwidth Calculator at encoreglobal.com/bandwidth-calculator/ and by following the below flowchart.

Custom configurations are also available; please contact your Encore representative for more details.

For events with fewer than 100 connections, consider our per-user pricing for non-dedicated bandwidth, available at two service-level options.

*Shared Bandwidth pricing allows up to 2 devices per attendee.

**Dedicated Bandwidth is subject to availability from the venue's third-party provider. Dedicated Bandwidth rates and pricing assumes attendees will have multiple devices. Prices include unlimited devices on Wi-Fi and up to 4 wired connections. Additional rental equipment and labor for wired connections will be added as required. For events greater than 60 Mbps please consult with Encore for a custom proposal.
